The first Green Reefer strip made for magazine publication. Published by Nug Magazine, San Diego, CA- Jan 2010. At this point I'm thinking: "How am I going to make one of these per month?!"

NEXT: THE HEADSHOP

BY BOULET

The Green Reefer's suit changes color- with no explanation other than whats here. With this strip I wanted to try to carry on a running story for the next few strips, by them going to the headshop to replace the broken bong. T-Bar is based on a real person.

SEEDS AND STEMS® INTERVIEWS FOOD AND SEX

For those who didn't know, Food and Sex isn't just all a man needs. They also happen to be two very beautiful High Altendants. No, what this means is they monitor D-Town from outer space and can alert the Green Reefer to trouble. We at Seeds and Stems sat down to talk with these Queens of OuterSpace:

Seeds and Stems: So what do you think about **Boulet**, the artist on the Green Reefer?

Food: You mean you?

SS: Uh, Yeah. So do you think he's handsome, and would you ever consider going out on a date with him? Here is a piece of paper just check the Yes, No, or Maybe box.

Sex: What is this?

F: Is this an interview or are you just trying to ask us out?

SS: Um ... maybe both.

F: That's it!

S: We're leaving!

SS: No! No, wait! Okay, interview only!

(pause)

SS: So what's it like hanging out in space all the time?

F: It's quiet.

S: Sometimes it gets boring.

SS: What do you do when you get bored?

F: Sometimes we smoke some of the weed the Green Reefer sends us.

S: But we can't smoke as much as he does.

F: Then we usually have pillow fights.

(cont after centerfold)

(con't before centerfold)

SS: P-Pillow fights?

S: Yeah. Sometimes two or three times a day.

SS: How come I wasn't aware of this?

F: It just depends on the rotation of the Earth, and where our Space Station currently is at that time.

S: Usually it's when you're asleep.

SS: So what do you like best about working for the Green Reefer?

F: The laid back atmosphere.

S: It's real laid back here. Sometimes when we alert him to a crime in progress, he doesn't respond at all.

F: An' that's only if he answers the green phone.

S: All we can do is sit here and watch the city be destroyed.

SS: Yeah... lets get back to these pillow fights.

F: The worst thing about working for the two

S: Is that Six-Pack won't stop asking us for naked pictures.

F: It was cute at first.

S: But now it's just stalker annoying.

SS: I didn't know he was doing that.

F: Yeah.

SS: Are there naked pictures?

F/S: NO!

SS: So, these pillow fights.

**ALERT! CRIME
IN PROGRESS!!**

F: Sorry Boulet

S: But this interview is over!

I watch the girls alert the Green Reefer to the crime happening in D-Town. He does nothing. I take the shuttle back to Earth, where oddly enough Six-Pack is waiting to greet me.

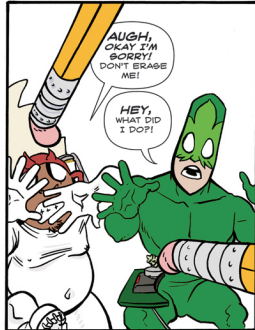

Six-Pack: Did you get the naked pictures?

No matter what Six-Pack thinks or says, I control everything! Influenced by that one Daffy Duck cartoon you're thinking about.
